Subject: [EXTERNAL] EDITS TO NEMVCC BID
Date: Monday, May 23, 2022 11:41:45 AM

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning NEMVCC Vendors:

Hope all is well as you prepare your bid for a Friday, June 3 submittal.

A few edits and clarification to the **NEMVCC 2022-23 Bid Form**, that has been attached to this email for your convenience:

- Hydrochloric Acid (Town of Lincoln) in the Specifications tab has been eliminated (It was not included in the **Bid Form**) and has been corrected as Item # 52 (Muriatic Acid) on the **Bid Form** with quantities corrected to *15-gallon carboy 2 per delivery*.
- Item # 41a, Liquid Oxygen Bulk with *THC levels < 40 ppm* has been added. Although I have not received confirmation (other than Ashland and Billerica that will stay with < 15 ppm THC), <40 ppm THC (AWWA B304 Standard) has been added as an alternate bid for those members that find they do not need Liquid Oxygen down to <15 ppm THC.
- Unless otherwise stated and included on the **Bid Form**, all chemicals must meet AWWA Standards and NSF 60 Certification (where

applicable) for use with Potable Drinking Water.

Lastly, additional clarification has been added to this year's force majeure clause and now reads as follows in the General Instructions:

Any low bid awardee that institutes a force majeure clause during the fiscal year, may be subject to rebidding of that bid item, and/or exclusion of bidding that item in the following bidding period; after review and vote by the affected Consortium Members.

Looking forward to receiving your bids next week. If you have already sent in your completed **Bid Form**, as long as the two bid items do not affect your submittal, there is no need to resubmit.

Remember to follow-up your mailed bid with an email copy to me.

Best regards,

Savas
